

Good Morning,

I am writing you in support of the AB351. As a high school Principal, it is vital to the development of young people to be actively enrolled in such courses. The mandates of Marching Band, Athletics and JROTC go beyond physical education. These kids are committed to a physical activity that surpasses the requirement in regular PE. Above active participation, research proves that the leadership skill learned and the connections to academic success are higher for those involved.

Please help our engaged kids remain successful.
